Mayor Lloyd Names Pennington As Chief Of Police

Cochran, Taylor And DeLoris Given Honorable Discharge Records

Police court had a new presiding officer Monday night, when the newly elected Mayor, Police Magistrate N. P. Lloyd presided over his first court session. The session was very brief as only two defendants charged with minor offenses appeared for hearing. The one negro told the court that he guessed he was "piffed all right." He drew a nominal fine of \$10 and costs.

Magistrate Lloyd made his remark, "I have passed many a prisoner before judges, but this is the first time in my police career that I have ever seen a prisoner in a prisoner's clothing and it seems a bit queer."

On Monday morning, Mayor Lloyd got busy with the police department, and the three officers receiving honorable discharges were Chief W. H. Cochran, Silas Deloris and Barney Taylor. For the present, the Mayor and Messrs. McAllister and Mock are retained.

The new Chief of Police is to be Thomas Pennington, who held that office for many years. Mayor J. K. Baker and he had assumed his post. But for this choice has caused great regret and surprise among the followers of other candidates which they hoped might be named as the chief.

Mayor Lloyd states that persons desiring to see him should be finding him around city hall, where he can be contacted. Other city departments have been reached for "calling" of those employees deemed expendable, but already a "blue slip" has been received.

Tedders Has Rine Cane Crop

Judge George Tedder, who has been stomping and farming Everglades lands for many years, and known as a successful farmer, has a fine crop of sugar cane north of Clewiston, on 30 acres of land. Tedder does not sell his cane for sugar purposes, but rather for lumber and for the manufacture of cane products, buyers coming to purchase truck loads of it, for sale as the east coast grows a sizable one.

Dr. Ralph L. Pipes Opens Offices Here

Dr. Ralph L. Pipes, formerly with the Government Migratory Hospital here in Belle Glade, is opening his new offices in the Sanders Building for the practice of surgery and medicine.

Pipes is a native of Houlton, Maine, and he graduated from the University of Maine in 1929, after his release from the Marine Corps in which he served as a lieutenant.

After his graduation from the University of Maine he attended the School of Medicine at the University of Pennsylvania. He finished his schooling there in 1942 and interned in the University Hospital for a period of two years.

After completing his internship at the University Hospital he received a specialized course in general surgery there.

After completing his medical education he took the position of Medical Director and Chief Surgeon at the Government Migratory Hospital in Palm Beach, which he held until the hospital was taken over by the Western Palm Beach County Hospital Board.

C. of C. Urges Voters To Register By Sept. 27

Atlantic Dredging Co. Will Dig Humps Out Of WPB Canal

The Army engineers have awarded a contract to Atlantic Dredging Company, for dredge work in the West Palm Beach canal, east of Twenty Mile Road, where several humps will be removed and the channel deepened for some space. The company dredge will come in through the St. Lucie canal to the West Palm Beach canal, to the site of the improvement. A number of farm bridges over the canal will need to be removed for the passage in and out of the big dredge. Actual digging will not start until around October 15th.

No Improvements For Fishing Creek

The Army engineers, who some months ago had a survey and hearing on the proposition to improve the fishing creek, at Baldhead, have turned in the report. It looks as if the old stream would continue flowing along as it has for centuries and remain the popular resort of fishing and picnic parties.

Stuart Wins League Honors

The Stuart Sailfishers, which proved the strong team of the East-Coast-Glades baseball league, on Sunday took the post season honors from Pompano by winning the second game by a score of 5-4. The game was tied in the eighth, when they opened their big batting spree and won handily.

Chamber To Continue To Increase City Voting Enrollment

The Belle Glade Chamber of Commerce, which was the sponsor of the movement to get a larger voting registration in Belle Glade, was very highly pleased over the results of its campaign, which was also supported by local civic clubs. It was estimated that the chamber had about 300 members, but it is doubtful as to the actual number of voters who were registered. The chamber takes place this fall. The directors were of the opinion that it should be one of the prime objectives of the year to increase the county registration to at least 2,500.

Mr. J. W. Shrinne reported that County Registrar David Upthegrove, is making arrangements for the Southern Shrinne registration and that as soon as the coming county school trustee election is over, the work will get under way. The directors agreed that it would be the job of the Chamber to see that every qualified voter is registered. It was suggested that the Chamber contact all business houses and request the proprietor or employer to see that each of his qualified employees is registered. The Chamber also will be making a list of the voters in the area, which it could reach a large percentage of the people it could not ordinarily contact personally.

Shrinne To Hold Big Miami Conclave

Miami is booked for a big convention on September 25-27, by the Southern Shrinne. The gathering there for the event. Shrinne delegations will come from the southeastern states and a crowd around 15,000 is expected. An important program has been arranged, including a mammoth parade and coronation at Miami Beach. Mr. J. W. Shrinne is the entertaining host.

Pahokee Land Purchase

The Pelican Land Company, of Pahokee, which has long been buying valuable land in the area, has just purchased a large tract of land in the Pahokee Drainage District, for farming purposes, the past week purchased land in several sections, from the IIB, for \$52,000, and has been given deed for same.

Corn Development Story Gets Wide Newspaper Notice

Bean And Corn Planting Order Of The Day In The Glades

Corn planting is on in full force in the Everglades, and the area is covered with thousands of acres of the black soil are found under tillage and planning purposes. Some beans have been planted and are several inches above ground. Many farmers are still planting wild beans, mostly of corn. It was with considerable anxiousness that the paper and radio news were read and listened to during the past week, as to the progress of the threatening hurricane for another heavy loss, on top of what has been suffered from the flooded country. It was with considerable anxiousness that the paper and radio news were read and listened to during the past week, as to the progress of the threatening hurricane for another heavy loss, on top of what has been suffered from the flooded country.

County Agent M. A. Mounts gave a statement that around 50,000 acres will be planted to vegetables this year, as so far the weather has been devoted to that business have been taken over for ramble, pastures until it is new business block on South Main street is completed for occupancy. The company will retain the house store room for storage purposes. Clive Boone is the manager of the store, and this week in the advertisement that will be of patron interest.

The Glades Appliance Corporation, over the past week-end, moved its furniture store from the Berke block to the vacant room in the Belle Glade hotel property, which it will use as a temporary store location until its new business block on South Main street is completed for occupancy. The company will retain the house store room for storage purposes. Clive Boone is the manager of the store, and this week in the advertisement that will be of patron interest.

First Hand Account Of Boy Scout Meet Held In France

The trip started when we arrived in Hawtigh, N. C. for the training camp. There we got our cooking lined up and our crews set up. There we got acquainted with our Skipper and all the fellows from the south. From there we went to Camp Kilmer, New Jersey, and we got acquainted with our Skipper and all the fellows from the south. From there we went to Camp Kilmer, New Jersey, and we got acquainted with our Skipper and all the fellows from the south.

Oceola Losing Portion Of Railroad Trackage

Oceola County, for the second time in six years, is losing a portion of its railway trackage. The Southern Railway Company, which has been operating the line since 1929, is losing a portion of its railway trackage. The Southern Railway Company, which has been operating the line since 1929, is losing a portion of its railway trackage.

Mayor Kelly Retires

Clewiston held its annual election recently and W. C. Owens, Campbell E. Nall and Charles Miner were elected to the City Commission. R. Y. Patterson and O. A. Thomas are holdovers members. E. E. Kelly, who has served as City Commissioner and Mayor, retires from those duties.

Swifts Buy Big Ranch

Report comes from Moore Haven, that the 3-C ranch of some 500 acres of cattle grazing land, lying west of that town, has been purchased by the Swifts. The ranch was owned by the Brothers of Tampa, who had the ranch under lease for the past two years, as pasture for their herd of feeder cattle.

Improve Highways

The city street department has made extensive repairs on the streets on the east side of the school house grounds, so that decent access can now be had to and from that plant.

Conservation Measure Up For Referendum

A special election is to be held in Palm Beach County, Florida, on October 7th, to ratify or reject a legislative bill passed by the recent legislature.

Many Citizens Inspect The New Hospital

The West Palm Beach Hospital Association, on Sunday, three open the doors of the Belle Glade Hospital for public inspection, and the guest record shows that around 130 persons took opportunity of passing through the extensive space of the new building. The hospital was pleased and surprised at what they observed and learned.

Glades Appliance Moves Store Location

The Glades Appliance Corporation, over the past week-end, moved its furniture store from the Berke block to the vacant room in the Belle Glade hotel property, which it will use as a temporary store location until its new business block on South Main street is completed for occupancy. No Personal Injuries And But Little Damage To Property In Granddaddy Type Hurricane

BPW Club Will Present Theatricals

The Belle Glade Business and Professional Women's Club have contracted with the Clare Tree Mear's Children's Theatre of New York to present a series of three plays this winter. The club has selected the ones children would be most familiar with the story and have scheduled "Mrs. Wiggs of the Cabbage Patch" for October 14; "Hickory" on February 23, and "Robin Hood" on March 29. These plays will be presented at the High School Auditorium in the evening, and tickets to run three productions will go on sale next week.

55 Per Cent Loss Expected In Growing Crops

With a granddaddy hurricane hesitant as to what direction it should take and finally taking off from his resting place in a westerly direction, the citizens of this community, spearheaded by Slick Kierman and his Disaster Committee, boarded up, sought places of safety and generally prepared themselves to "take it on the chin" when the ever gasoline buggy they possessed found themselves in Jacksonville and into immediate points getting a share. Many others—mostly colored—left by the way of boat, and many others—mostly colored—left by the way of boat, and many others—mostly colored—left by the way of boat.

For the first time in their history, the Golden Rams of Belle Glade, will be a member of the Gulf Stream Athletic Council, as will also the Palm Beach Blue Devils, which being two of the 11 teams in the conference.

Gulf Stream Council Has Eleven Members This Coming Season

Neither Pahokee or Belle Glade, this season, will have the presence of incumbent Admiral, raised the well stocked food supplies at the Jacksonville Naval Base and trucked them to Sebring, along with eight Navy cooks to see that the food was ruined in the preparation. Incidentally, the order for food for 5,000 persons was retroactively filled from the daily ration list instead of the Navy "K" Ration bin.

Charles Ely, Well Known Farmer, Dies Tuesday Night

Charles Ely, who has been a farmer in the Belle Glade area for the past 15 years, and who resided just opposite the hospital, died at the Pahokee hospital, Tuesday night, Mr. Ely was born in West Virginia November 29, 1910, and is survived by his wife and four children. His parents, Mr. and Mrs. Garry, his parents survive, as well as several brothers and sisters. Owing to the storm, no arrangements for funeral services were announced.

Murphy's Pharmacy Gets Front Upfit

The entrance to the Murphy Pharmacy in the Darden building, has been remodeled so that there are 800 swinging doors, and the entrance is a good one and will prove quite convenient for the customers. James Darden, the owner, erected this block back in 1927, but it was renovated at the time the Darden building was built. The entrance is a good one and will prove quite convenient for the customers.

No Material Alleviation Of Flood Conditions In Time For Fall Planting

Many flood reduce in hotels and Motels from Sebring to as far north as Lake City, Jacksonville and into immediate points getting a share. Many others—mostly colored—left by the way of boat, and many others—mostly colored—left by the way of boat, and many others—mostly colored—left by the way of boat.

Both the president and vice president are being out of school during this year, resulting in the high honor, coming to the Glades teacher.

DRAGLINE WORK WANTED

These modern machines for heavy or small work. Call for free competitive estimates. RAYMOND R. LAYMAN, Phone 2-2021, West Palm Beach, Fla.

THE STORE OF 1,000 TOYS

A Price And A Toy For Every Child. 10c to \$50.00. SCHRODER'S TOY SHOP, W. PALM BEACH, FLA.

Question—Who was the first man in the Bible whose name was given to him by God?

Answer—The answer is Ishmael, and the text is Genesis 16:11: "And the angel of the Lord said unto her, 'Behold, thou art with child, and shalt bear a son, and shalt call his name Ishmael; because he was born of thee in affliction.'"

Q—What is the first famine mentioned in the Bible?

A—The first famine mentioned in the Bible is described in Genesis 12:10: "And there was a famine in the land (referring here to Canaan or Palestine), and Abram went down into Egypt to sojourn there; for the famine was grievous in the land." It is very evident that the Egyptians saved their grain in much the same way as they did when Joseph was governor of the land, so food at that time was available in Egypt.

Q—Does the Bible actually teach that there will be stars and wonders in the heavens and on the earth?

A—We turn to Joel 2:28, 29: "And I will show wonders in the heavens and in the earth, blood, and fire, and pillars of smoke. The sun shall be turned into darkness, and the moon into blood, before the great and the terrible day of the Lord come." Some men scoff at the promise of the Bible, saying that the sun was darkened May 19, 1780; the stars fell on November 12, 1833.

Q—Please explain 2 Peter 3:1, 4.

A—Let us repeat the scripture first of all: "Knowing this first, that there shall come in the last days scoffers, walking after their own lusts, and saying, 'Where is the promise of his coming?' for since the fathers fell asleep, all things continue as they were from the beginning of the creation." Notice, friends, the two stars of the latter days given here by the apostle Peter are these: (1) Men scoffing at the doctrine of the second coming of Christ; (2) declaring that all things continue as they were from the beginning of the creation. In other words, they deny the direct creation of God and deny the whole material universe to some theory of evolutionary, spontaneous creation. These two signs of the end of time are here today.

Ed. Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 33, Calif. Bible questions or general interest will be answered in this column.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

Question—What was the first city in the world?

Answer—The city of Enoch built by Cain was the first city mentioned in the Scriptures. (See Genesis 4:17.)

Q—Is the motto, "In God we trust," in the Bible?

A—It is not; but in Psalm 56:1 David said, "In God have I put my trust"; and in Job 23:15 are Job's words, "Though He slay me, yet will I trust in Him."

Q—Can you give a brief list of the vegetables known in Bible times?

A—Beans (1 Samuel 17:24); Cabbages (Genesis 43:11); Garlic (Numbers 11:5); Gourds (2 Kings 4:23); Leeks (Numbers 11:5); Onions (Numbers 11:5); Lentils (Genesis 25:24); Cucumbers (Isaiah 1:4); Melons (Numbers 11:5).

Q—Are the Holy Ghost and Holy Spirit different powers?

A—The word "ghost" is an old English word meaning spirit, so the Holy Ghost and the Holy Spirit are the same. Both words are used in Acts 2:4: "And they were all filled with the Holy Ghost, and began to speak with one another, as the Spirit gave them utterance."

Q—Does the soul return to God at the moment of death or somewhere else?

A—We do not read in the Holy Bible of the soul's returning to God. We do read that "the spirit shall return unto God who gave it."

Q—Does the atomic bomb fall in line with the Bible's teaching on the use of weapons?

A—The Bible teaches that it is a misuse of power to destroy men, rather than to destroy them. We note the text: "And he doeth much wisdom, so that he maketh us come down from heaven on the wings of the night, and doeth us to dwell on the earth, that they should make an image in the heart, which had the wound by a sword, and did live."

NOTICE

RE PERMIT CANCELLATIONS

At September 4th meeting of the Board of Commissioners of Everglades Drainage District, the following action was taken:

"All permits issued prior to July 1, 1946, shall be revoked under the following conditions:

1. Where the permittee has done no work authorized in the permit.

2. Where the permittee has completed only part of the work, then the permit shall be revoked as to that work which is incomplete.

3. Where the work covered by the permit has not been done in compliance with its provisions."

Big Fish Fry At Corbin's Dock September 19th

With favorable weather, indications are there will be a big crowd in attendance at the second annual fish fry of the Belle Glade Fishery. Wild Life at Corbin's dock, on Friday afternoon, September 19th from 3 till dark.

Committee are busy making the plans for the cats and the short program, and promise that they will be plenty of crisp fried fish for all.

This is a dues paying event for both old and new members, and guests will be welcome at a nominal fee price.

Football Game To Be Held Friday Night

Local football fans are urged not to forget the football game to be held between Belle Glade and Stuart at Memorial Field next Friday. Game time is at 8:15 P. M., provided that lights are installed and in the event they are not, game time will be announced later.

Last season the Rams encountered Stuart at the local field, there, frustrating them by a sizable margin due to the fact that the local Rams had a superior team. Stuart will be looking for revenge this season so the game should be a good one because the locals are not as heavy this year as they were last.

Cancer Society To Continue Work

Through action of the National Foundation, Mrs. Pauline Carr, president of the Palm Beach County Cancer Society, has been assured that her organization will be licensed to continue its work for another year, and will be given \$1000.00 in certain supplies. This county raised over \$10,000 in the drive last spring, and the amount amount comes from the state's share. Staff personnel, who have been away on summer vacations have returned to duty, and clinic sessions will be resumed in various portions of the county.

BLESSED EVENT

Mr. and Mrs. S. R. Finley of South Bay announce the birth of a daughter, Betty Louise, at the Cleveland Hospital on September 7th.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE SOCIETY

Question—Do you think man's sin has had any effect on the physical creation?

Answer—The apostle Paul says: "For we know that the whole creation groans and travails in pain together until now." Romans 8:22

Q.—Why is the Bible spoken of as one book when it is really composed of many books?

A.—The Bible is truly a library of sixty-six books written by about forty writers over a period of fifteen hundred years; yet it agrees with itself completely and has such unity that it is really one book one great subject from start to finish.

Q.—Who built the first altar of sacrifice?

A.—We read in the Scriptures that Cain and Abel offered sacrifices. There can be no doubt that they had altars on which to offer them, but it is not recorded in the Bible. The first altar actually on record is that built by Noah, Genesis 8:20: "And Noah builded an altar unto the Lord; and took of every clean beast, and of every clean fowl, and offered burnt offerings on the altar." So we see that sacrifice to God was of the very first things that Noah did after he came out of the ark.

Q.—To be so harmonious with itself as it is, don't you think the Bible was probably written by one or two men who got together and decided what to put into it?

A.—No. Its writers lived at different times—sometimes more than a thousand years separated them. In many cases they were utter strangers. Some were business men, some traders, others shepherds, herds, hunters, fishermen, soldiers, physicians—men from every walk of life. They lived under different governments, amid conflicting systems of philosophy. But here is the wonder of it all: When the thirty-nine books of the Old Testament and the twenty-seven of the New Testament, with their 1189 chapters made up of 31,173 verses, are brought together, there is no perfect harmony, there are no contradictions. Like the marble statue made from pieces of stone brought by men from different countries formed one complete, perfect statue, so is this Book one perfect whole, one Book Why? Because one mind planned it all. That one mind is God; it is His Word.

E. L. Moore Address your questions to THE BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 52, Calif. Bible questions of general interest will be answered in this column at special periods.

From Salisbury Hayman Back

Lee Hayman, of the Pioneer Growers family, who has been busy during the summer, at Salisbury, Md., has arrived home. Hayman states that the annual meeting of the National League of Wholesale Vegetable and Fresh Fruit Distributors, will be held at Atlantic City, in January. The Everglades branch was the host to this convention at West Palm Beach last January, one of the most successful ever held by the league. Hayman, who is president of the local branch, has not yet set the date for the

first of the season's dinners, which have been held the past three years.

Elks Officers Hold Conference In Deland

A. E. Kirchman and Fred Simmons, exalted ruler and secretary of Belle Glade lodge of Elks, along with Frank O'Connell, of Pahokee, attended the state Ruler and Secretary's conference held in Deland, over the past week end, at which 37 lodges were represented.

At this conference plans were made for expansion of work in the order, as well as in civic measures, and more emphasis

on lodge ritualistic work and contest events.

Frank O'Connell was added to the Ritualistic Work committee and as he is most competent in the work, he will be visiting south Florida lodges, as an instructor.

Frank Phelan and Ed Hitchcock, who have been away on summer labor jobs, were welcomed back to the lodge on Monday night, and the latter was presented with a very acceptable gift.

The Pahokee lodge will have degree work on Thursday night, September 25th, to which the Belle Glade lodge has been invited.

Many Students Return To Colleges

Belle Glade's teen-age population is greatly diminishing this week as a record breaking group leaves for colleges for the fall term.

The list includes: Florida State University in Tallahassee; Louise Froehne, Joyce Tedder, Carlene Cone, Barbara Will, Barbara Hendry, Edith Bragger, Dolly Rutledge, Alice Cromartie; University of Flor-

ida, Gainesville: William Pennington, Richard Pike, Jowell Bass, Bennie Richmond, Barnes Creech; Seton University, Deland: Charlotte Enlow, Helen Jones, Carolyn Fredlund, Ivan Clements, Jeanne Hooker, Dorothy Layfield, Boyd Koffman, Bill McHatchey, Larry Royal, Mary Grace Denton, Ray Kent, Bobby Mathews; Palm Beach Junior College: George King, James Moody, Herbert Lloyd, James Sebron, Ward Harrison, Glen Swindle;

Southern College, Lakeland: Robert Taylor, Louise Enory, B. T. Weeks, Ted Powell; Charity Hospital, New Orleans: Jewell Poole; Georgetown College, Kentucky: Phillip Enlow; Michigan State College, East Lansing, Mich.: George Wedgeworth, Peggy Rawie; Bridgewater, Virginia: Mary Elizabeth Hooker, Ruth West; Emory University, Atlanta: Barnes Smith; University of Alabama: Jack Murray; Rosarian Academy, West Palm Beach: Yvonne Simmons; University of Colorado, Boulder, Colorado: Beverly Lutz; Rollins College, Winter Park: Bill Bearden; Tulane University: Sam Simmons; Southern School of Optometry, Memphis Tenn.: B. Q. Waddell; Auburn University, Ala.: Clarence Kidder; M. I. T., Mich.: Phillip Clayton; Iowa State College, Ames, Iowa: Joyce Borchardt; Georgia Military Academy, College Park, Ga.: Willard Jones.

Home Demonstration Club Arranges For Season's Program

Mrs. Hugh J. Bratley, president of the Senior Home Demonstration Council, and Mrs. G. J. Barstow, secretary to the Council, attended a meeting of the Executive Board in West Palm Beach on Friday, Sept. 5, at the Court House Home Demonstration Club kitchen.

The program for the coming year was discussed and tentative topics for the various monthly meetings selected from topics suggested in a country-

Part of a record shipment of five carloads of raw cotton bolls being loaded aboard Florida East Coast Railway at Canal Point, Fla. for export to Switzerland where it will be manufactured into cloth. Louise Hamilton of Canal Point, holds some of the new Florida product. Bales weigh 600 pounds each and are worth about \$180 apiece.

Raw cotton bolls, as they emerge from a portion of the processing plant, ready to run through a dryer under 1400 degrees of heat. Note the unusual length of the fibers.

Ramie processing plant at Canal Point, Fla. Cut ramie, carried on a conveyor belt, passes through this machine which trims the leaves from the stalk. The stalks then pass through further processes which separate the fiber from the pulp.

Ramie in the field. The plants reach a height of approximately six feet when ready for cutting. They mature in about sixty days and are cut every sixty days thereafter.

MEET THE BULLY BOY—Who the Cor Jones boys are a "bully group" picture with her new son. The youngster is two years old. New arrival to proud parents this week and Elmer is the brother of Beulah. He plans to make a cross-country tour in the near future. Elmer's last trip before her doctor advised her to "take it easy" was her visit to the Florida State Fair in Tampa, last February.

CHURCHES OF CHRIST, SCIENTIST

"MATTER" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, September 21.

The Golden Text is: "Little children, keep yourselves from idols" (1 John 5:21).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lay not up for yourselves treasures upon earth, where thieves do not break through and where moths and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also" (Matthew 6:19-21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Breaking away from the mutations of time and sense, you will neither see nor feel objects and ends of life nor your own identity. Fixing your gaze on the real, the eternal, you will rise to the spiritual consciousness of being, even as the bird which has burst from the egg and is now winged for a skyward flight" (261:24).

Cheerleaders Are Elected
Friday during assembly, which was held in the auditorium, sixth period, five cheerleaders were elected for this year and are as follows: Boots Young, Elizabeth Stevens, Barbara Hayman, Joanne Livingston, Darlene Mobley.

More Library Books For Public Circulation
The management of the City Library is very much pleased with the fine new book stock which was presented it through the city commission, as well as the small additional increase in funds coming from that source.

Librarian Browne lists the following new books placed on the shelves for circulation:
"Years of the Locusts," by Erdman.
"Breakfast at the Hermitage," by Crabbe.
"Wind That Shakes the Barley," by Burke.
"Lonely Carrot," by Walker.
"Discovery," by Byrne.
"Old Glass," by Moore.
"Driftwood Valley," by Fletcher.

Serviceman Enters School
school studies were interrupted J. K. Davis, Jr., whose high in the fall of 1942 by his enlistment in the U. S. Navy, is returning to high school to complete his course of study. He has received advice from the Belle Glade High School that he will be admitted into the Senior class in good standing and is entering immediately. During his overseas service he visited 35 different countries in line of duty.

Off To College Work
The college group of young people of the community are making preparations for the opening of the various colleges of their choice.

Mr. and Mrs. Herbert Priest left Sunday to register for

J. T. Harrell Reports Fine Time At Big F. F. O. A. Camp

J. T. Harrell, a member of the Belle Glade Future Farmers of America, and one of several delegates chosen to represent Florida attending the big summer camp at Camp Minawana on the eastern shore of Lake Michigan, is back home. J. T. reports a fine conference full of educational and recreational value.

He found the breezes off the lake a little bit cool for his thin southern build, and found his football sweater a mighty handy thing to have around. More than 700 delegates were in attendance from all over the state.

WHEEL-CHAIR BUS

Walter Ellsworth, patient at McGuire Veterans Administration Hospital, Richmond, Va., adjusts a safety bar holding his wheel chair in place preparatory to a ride in the new, specially equipped bus recently obtained for transporting wheel-chair patients.

Contest Winner "Brands" His Prize

A pioneer of the auto industry, hunted throughout the nation in a contest to discover the oldest Chevrolet truck in America, turned up, appropriately, in the possession of a Montana homesteader. The venerable vehicle, vintage of 1918, was still serving Rancher Leslie A. Storey, of Jordan, Mont., whose ranch lies 18 miles from a typical "frontier town" there. The award for owning the oldest licensed and operating truck was a new Chevrolet "advance-design" model, which Storey "branded" here with his distinctive Circle-Heart brand. It was presented to him by J. W. Barker, manager of Chevrolet's truck department, in Mrs. Storey and Montana cowgirl Meta Spears (right) look on. Nearly 7,000 old-time Chevrolet trucks were entered in the contest won by the vehicle which was one of 384 built by the division in 1918, its first year of truck production.

FIRST HAND ACCOUNT

(Continued From Page 1)

prospect of boarding ship to go across the big pond. We had just before dinner and at four on the dot we pulled out of Pier 11. Going out of the New York harbor on the General Maier, all the ships that were anchored blew their horns giving us a grand send off. We sailed on by the battery.

The trip across was spent in sectional rehearsal for the present and in stalling French. The sun shone most of the time and it was really beautiful. They say that the Pacific is so blue but the Atlantic was also very blue going over. Some of the boys got seasick but the majority did not. The last two days at sea were cool and cloudy and most of us thought it was none too pleasant but it was nothing to what was in store for us when we came back. We entered in the English Channel August 1st around 3 in the afternoon. The next morning we got up at 3:45 to see the White Cliffs of Dover.

Why FIGHT NERVOUS TENSION?

Miles Nervine tends to relax nervous tension, to permit refreshing sleep. It is the time you had your duties around the camp to attend to but if you had any spare time you went out and swapped your articles or went around to the different camps and saw what they were like. The Jamboree itself was held at Moisson, France, which is about forty miles out of Paris. Most of the time you had your duties around the camp to attend to but if you had any spare time you went out and swapped your articles or went around to the different camps and saw what they were like.

Try Miles NERVINE
when your nerves make you jump, cranky, nervous, or give you nervous headache. Your druggist has Miles Nervine - liquid and solid - pleasant to take. Try them. Your money back if you are not satisfied. **CAUTION** - use only as directed. Effort, excitement, stress, and the like - Liquid, 2 oz. and 10 oz. bottles. Lab. and Inc., Elkhart, Ind.

MILES NERVINE

They were really something to see. The white cliffs and the green meadows above them. It was just like you hear people tell of beautiful England. We went on into the Netherlands, which were green fields laid out in neat squares. The dikes and the windmills were so picturesque. We then went up the channel pulled by two tug boats into the harbor at Antwerp. We were met there by a group of Belgian Scouts and Scouts. They then went ashore to inspect the town.

We stayed there for four days while we went on tours around the country of Belgium and Holland. From there we went by train to the Jamboree grounds in France. The first two or three days we set up our camp and a sign of our routine of cooking and cleaning up. The ground opening was Saturday, August 9. There were several species made and then all of the Scouts marched through the Arena which was like a big football stadium with bleachers on one side. The Scouts then went into the field. It looked very nice. It looked very nice. It looked very nice.

The Jamboree itself was held at Moisson, France, which is about forty miles out of Paris. Most of the time you had your duties around the camp to attend to but if you had any spare time you went out and swapped your articles or went around to the different camps and saw what they were like. The Jamboree itself was held at Moisson, France, which is about forty miles out of Paris. Most of the time you had your duties around the camp to attend to but if you had any spare time you went out and swapped your articles or went around to the different camps and saw what they were like.

Every day in the Arena different pageants were held by the countries that were represented. The American pageant was really a beautiful show. It started with the Indians, then it showed the conquest of the Indians by the Pioneers. Then it showed the development of America and then Scouting coming to America. Then it went into different parts showing the Jamborees of previous years. Then the grand finale with the flags of all the nations presented brought out on review.

The Jamboree came to an end on Sunday, August 17. The closing ceremony was a farewell speech by the heads of Scouting of France and England. Then they pushed the large balloon around which represented all the Scouts pushing together for world peace and friendship which was the theme of the Jamboree. Then the boys marched in the form of a carroll band which was the symbol of the friendship and peace of the Jamboree. Then the 1947 world Jamboree was officially closed.

Two days morning we got up early and loaded on the train to go to Paris. We got in Paris and went straight to the Eiffel Tower. It was really quite a place. We did not go up there because it would have taken too much time and besides we were all so hungry that we wouldn't have had it anyway. We then went up town to eat. The rest of the day was spent in going to the Arc de Triomphe, Napoleon's tomb, and the Louvre. Then we went back to the Eiffel Tower and went to the top. From the top people look like ants and the city not much bigger. That night our unit went to the Folies-Bergere where we found several other American Scout troops. The next day we spent shopping

around Paris and then we left in the early afternoon to go back to the Jamboree grounds. We got back to the Jamboree grounds and then we went on to the ship ready to go. That night we spent in the Jamboree grounds and then we went on to the ship ready to go. That night we spent in the Jamboree grounds and then we went on to the ship ready to go.

The trip going back was made on the U. S. A. T. General Harry Taylor. We came back through the North Atlantic and in pretty rough weather most of the way back. The North Atlantic is cold in summer and I would surely hate to see it in the winter. The majority of the boys got seasick on the way back and even a few of the crew couldn't take it.

Going over and coming back the two Senior Units had to stand a Man Overboard Watch. This was stood 24 hours a day. The shifts were two hours long and it took about three days before your turn would come again. We were really on watch on cold wet days. Sometimes the ship would be drenched with spray all the way back besides the rain.

We arrived at Spain and were met by the Red Cross Mobile Unit that served us milk and doughnuts just like they did the soldiers during the war. From there we went to camp Kilmer where we broke up. Some of the boys cleared out, but the majority stayed the night and then cleared out the next day.

The army did its best to get us out of Camp Kilmer and on our way home but the big Legion convention in New York had the rails pretty well tied up. Most of the boys struck out taking chances as we did. Four of us from Florida went to Washington, D. C., and boarded the Silver Meteor without reservations. We stayed in the Observation car all the way home but we made it.

The tour in Belgium was as follows: The first was to Ghent and Bruges to see all the old Cathedrals and Religious Shrines. The first thing I noticed about Belgium is the complete lack of traffic regulations. The cars travel around like mad and each driver looks out only for his own self. We had twenty near accidents in one day but it seemed the usual thing over here. Then there is a surprising number of 47 American cars over here.

grave of a buddy of his. There are 2,699 American dead and around 6,000 German dead in this cemetery. Then we went back into Bastogne and saw the ruins of the city. Most of the buildings were demolished and only a few remained but there were some that had already been rebuilt. It was really torn up. Then we left and went back by Dinant. It was really beautiful. The town is in a long valley with a river running through. The mountains are all green and the pretty river. Then around dark we ran out of gas and had to push the bus up a hill to a service station. From there back to the ship.

Old Friends Must Part
For years my "Blue Leticia" and I have been boon companions, but circumstance make it necessary to part company and owner.
"Leticia" is a Ford sedan, vintage of '37, 60 horse power, and she is still a good roller for some one who wants a light run about car. Lots of pep and travel in the old girl.
My garage bill shows that she has had extensive inward mechanical repairs in the way of new clutch, transmission, water pump, and starter repair and engine in excellent mechanical condition. She goes as "is".

OBSERVATIONS

(Continued From Page 1)
place our population at 143,000,000. During the past five years many enemy governments found out how a portion of that population could fight when it became necessary. Even the Russian Bear don't want to tramp on our tail too hard, or there might be a repetition of warfare. The American people are a peculiar people and unpredictable as to their action.

Principal Frank Hobson, speaking before the Lions Club concerning our schools was optimistic as to the future, as he felt the new regime under the educational state set up was bound to be beneficial. He stated that until a full time nurse was secured for services

in the Glades that there could be little improvement in the health situation. He stressed the needs for physical, eye and dental inspections. The club will send a resolution to the County Board of Public Instruction, requesting that such a nurse be provided as soon as possible.
Mr. Hobson also outlined the new setup as relates to school athletics. The Board has set up a central treasury, with a paid accountant in charge, and all school funds from football, baseball and basketball will go into that source. The South Shore Athletic Council will continue to function as in the past, as a supporting unit. The Association has obligations of around \$4000, which it hopes to clear up entirely at the end of the coming season. Side obligations being due on the athletic fields and for bleachers, and from the town finances will not be troublesome.

I attended the farewell services of a close friend in Okeechobee, and the manner in which friends from all over the Glades turned out, proved that E. J. Wilson, had legion of friends of a personal, cheerful and fraternal nature. Seven ministers of the community churches participated in the services and a Palokoke quartette, former singing society friends, rendered selections. The Okeechobee Masonic lodge conducted their ritualistic ceremonies at the grave. Thus does a community-minded man make the way of all mankind, with Odd Fellows, Woodmen and Lions Club also present at these ceremonies.

With E. H. Borchardt, Lou Begner and Ed Browning, as Special Elk's committee, to investigate and report on a "Ten Age Center" to be partially sponsored by that benevolent order, things look more promising for such a local congregating and recreational center.

In a farewell swan song, Mayor George Taylor, addressed the City Commission meeting audience, and at the close drew a round of applause. The genial Mayor stated that he had enjoyed his term of office, and believed that he performed his duties in an effective manner, to the enhancement of the city. He promised the Commission his full support in their work, as well as providing private information on pending public projects in his possession. Commissioner Parkers cited the fact that he hoped that the audience continued to attend Commission sessions, then they would learn a lot and find just how city business was transacted, and how careful such business was considered and handled. By doing so idle street reports and rumors would be a thing of the past. Judge Todd's exhortation along the same line, and his talk to the new commissioners was timely and full of much good sense.

John Brugger's talk before the Lions Club on the recent World Jamore in France, was a most interesting one, and showed that John had not been idle or overlooked few of his opportunities to see and do things. It sure was a great event for this Glades boy, his trip being made possible through financing of local organizations.

Henry O. Earwood, who has served the city as City Manager for the past year, states that he has no apology for his services as he has a clear conscience that same was fairly and honorably performed, and that the city has profited by this supervised management. That the management and system was wisely established and fully worthy of continuance as a department of the City Government.

Car washers in Belle Glade should be doing a good business these days, as those new road improvements do dirty and splatter up the cars which traverse over the roads in a wet period. But won't those roads be fine to operate over when they are completed?

Hangar Goes To Gainesville

The Embury-Riddle flying field west of Clewiston, is fast becoming a ghost settlement. As a present from government agencies, the large hangar there is to be razed, moved and re-erected at the University campus at Gainesville, where it will be utilized for a mammoth student machine shop. The government is meeting the expense of change of location.

Moore Haven Masons Prove Fine Hosts

Moore Haven lodge, No. 61, F. and A. M., on the evening of September 15th, observed Past Master's night, when it also entertained large delegations of visiting brothers from Ft. Myers, Arcadia, Palokoke, and Belle Glade. The Master's degree was well exemplified and a satisfactory lunch was enjoyed. Joe Cherry and Al Kirdman assisting.
Those in attendance from Belle Glade were the Messrs. Lane, C. W. McDonald, Milo Jones, John M. Gledhill, Joe Cherry, Arnold Kirdman, W. P. Risk, G. I. Evans, William Evans, Frank Kelley, Hans Stein, Slim Corbin, and Merriam, of Lake Harbor; Messrs. Keene, Thomas, Gillis and Grant of Palokoke.
On this Thursday night, local lodge members in goodly numbers attended the meeting of

District 22 at Boynton, and there met Most Worshipful Grand Master, Frank Thompson of Lakeland, and a corte of his district deputies, Lloyd Benson, local district deputy, presided at the session. A luncheon preceded the lodge session.

From where I sit... by Joe Marsh

Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big... human, local news in place of world events.
I can't deny it. Read the *Clarion* and you'll learn about the Martins' 25th wedding anniversary... about the community sing-down by the river... the hunking bee at Robert Hawkins', where neighbors helped hunk the corn, and later drank sparkling beer together.
"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns... the helping hand... the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.
I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

Joe Marsh

SOUTH BAY BEAN CITY LAKE HARBOR

The Rev. and Mrs. Bill Oswald returned Friday from a two weeks vacation which they spent visiting relatives and friends in North Florida.

Mr. and Mrs. A. L. Burlett and family have moved to Hattah, Ga. The move was made necessary in order to secure medical treatment for Mrs. Burlett who has been in ill health for some time.

Mr. and Mrs. J. W. Goodwin returned last week from a tour of the Pacific coast and intervening points. He states that farm conditions over much of the farming centers visited looked good. They visited California, Washington and Oregon on the west coast and toured Glacier National Park.

Miss Audrey Crawford and Nennis Parnin of Lake Harbor were recent guests at a birthday party given by Mrs. J. E. Hedges at Palokah in honor of Mrs. Bessie Crawford. Other guests were Fay Crawford and Jean McDowell.

Mrs. R. A. Robertson and sons, Ernest and Dana, of Lakeport spent the week end with her parents, Mr. and Mrs. Edwin Best and family.

Mr. and Mrs. W. D. Patrick are spending a few weeks at their home in Lake Worth, planning to return here later in the fall.

Mrs. G. C. Cochran, sister of Mrs. W. M. Jeffries, of Enterprise, Ala., Horace Posey, her nephew, of Hartford, Ala., Mr. and Mrs. J. P. Cochran and three children, Betty Opal, Sarah Carol and Jimmy, also of Enterprise, who arrived at Lake Park Sunday to visit J. W. Austin, who is critically ill, visited Mr. and Mrs. Jeffries here Monday evening.

D. Harry Smith, manager of the South Bay Growers Co-op, returned last week from an extended tour of the Pacific coast and intervening points. He states that farm conditions over much of the farming centers visited looked good. They visited California, Washington and Oregon on the west coast and toured Glacier National Park.

Miss Audrey Crawford and Nennis Parnin of Lake Harbor were recent guests at a birthday party given by Mrs. J. E. Hedges at Palokah in honor of Mrs. Bessie Crawford. Other guests were Fay Crawford and Jean McDowell.

Grady L. and Clayton Miller of West Palm Beach and Mrs. Mollie Covell of Okechanta were the Sunday dinner guests of Mr. and Mrs. G. B. Higginbotham.

Mr. and Mrs. W. A. Allen and daughters, Michele and Cheryl, are moving Saturday to their new home at Fort Lauderdale. Mrs. Henry Walsh and daughter, Phyllis, who

have spent the last six weeks with Mrs. Walsh's daughter, are also leaving the last of the week for their home at Boston, Mass.

Mr. and Mrs. J. S. Aily, Miss Thelma Aily of Moore Haven, La., Jack Carroll and daughter, Penelope of Milwaukee, Wis., were the Wednesday guests of Mr. and Mrs. C. C. Higginbotham. Miss Aily is leaving soon for Tallahassee where she will be senior at Florida State University.

Miss Ruby Davis and Miss Jeanette Davis, who have been in Tampa for the last month, left last week to spend the winter in Los Angeles, Calif.

Roy Boots was admitted to the former Government Hospital near Belle Glade Monday evening with a throat infection.

J. K. Davis, Sr., is leaving this week for Douglas, Ga., where he will attend a birthday dinner on Sunday honoring his mother, Mrs. A. F. Davis, on her 91st birthday.

Business In Washington

L. L. Hardy, representative of the South Bay Housing Authority, left Sunday for Washington, D. C., to attend a meeting of Florida Vegetable Committee experts with government officials on Monday. The purpose of the meeting was to try to work out measures to prevent shortage of labor in the vegetable growing centers, particularly in south Florida.

Young People Marry

Miss Minnie Cales and Herman Hobbs of Bare Beach announced their marriage at Le-Belle on Friday, September 5. The bride is a Junior at the Belle Glade High School and plans to complete her high school course.

The bridegroom is the son of Ben Hobbs and a veteran of having served as Boatwain 1-c in the U. S. Navy. The young people will make their home at Bare Beach on the farm recently purchased from his father.

Good Start For Year Reported By South Bay PTA

The South Bay Parent Teacher's Association met at the South Bay School Auditorium Monday evening at 8:00 o'clock. Mrs. W. G. Bowen presiding.

The treasurer, Mead Willis, reported a balance of \$184.96 in the general fund and \$186.15 in the cafeteria fund. A donation of \$17.50 from County Commissioner Paul Rardin was acknowledged and a library fund set up consisting of the donation and \$100 from the general fund. The treasurer reported a total of \$2,272.96 spent on the school cafeteria last year and a similar amount of federal funds received and spent for the cafeteria. The improvement of the school library was designated as one of the main projects of the year.

The eighth grade, taught by Principal H. S. Emery, won the room count prize for the month.

The president announced her standing committees for the year: Membership, Mead Willis; Mrs. E. E. Dasher, Mrs. Ed. Hunt and Mrs. Marvin Miller; hospitality, Mrs. Verda Weathers, Mrs. J. H. Harrell, Mrs. R. A. Hall; program, Laura Willis, Thelma Bowen; publicity, Mrs. A. L. Compton; cafeteria, Mrs. J. C. Summerlin, Mrs. Edna Walker, Mrs. L. O. Ratley, H. M. Willis, J. C. Campbell; health, Mrs. Olga Hardy, Mrs. H. O. Martin, Mrs. F. W. Muehler, Mrs. W. S. Kray.

Principal H. S. Emery introduced members of the faculty, six full time teachers and their part time teachers, Mrs. Editha Eekman and Mrs. Olga Hardy, first, second and third grades; Mrs. Lennie Martin and Mrs. Ruth Murphy, fourth, fifth and sixth grades; Mrs. Mary Horton, seventh grade and Junior High arithmetic and history. H. S. Emery, eighth grade and Junior High English, Miss Alma Murphy, music, Howard Paine, band, Mr. McClure of the Belle Glade High School, physical education. The cafeteria manager stated that she was short on tea towels

and requested each family to send her one tea towel. The program was in charge of the Home Demonstration Club, Mrs. G. J. Banister speaking on the history and preparation.

The association then adjourned to the school cafeteria where the hospitality committee served apple pie topped with cheese, coffee and limonade. Approximately 50 patrons and teachers were in attendance.

NEW Gasoline!

POWER-PACKED
with
100-OCTANE
COMPONENTS

The new Sinclair Gasoline is made to give your car the surging power that aviation gasoline gave to war planes.

The same 100-Octane gasoline components developed for war have now been blended into the new Sinclair Gasoline. That's why we believe you'll call this new and mighty gasoline the most power-packed fuel your motor has

ever had a chance to use. Stop in today at the Sinclair Dealer and fill up with the NEW Sinclair "H-C" or NEW Sinclair Edyl. You'll find that the higher-octane, quicker-starting, power-packed Sinclair Gasoline makes your car fairly fly.

Look to Sinclair for Better Products—Better Service.
